Satisfaction Guarantee

We pride ourselves on our ability from the initial estimate through to job completion, we will never leave a job unfinished or without complete.

18 Years Experience

With over 18 years experience in our industry. We know what we are doing! Our reputation precedes us.

Highly Skilled Team

Our team has a wealth of knowledge and experience which is why we are trusted by some of the biggest companies in the UK and beyond.

Collection of Services Offered

We offer a vast amount of services including Thermal Insulation Services, Lagging & Cladding Services, Trace Heating & more.

ABOUT ENVIROSHIELD

Founded in 2007, Enviroshield has established itself as a leading provider of thermal insulation solutions in the UK and beyond. With over 18 years of experience and more than 1,000 successfully completed projects, we are the go-to experts for businesses seeking reliable and efficient thermal insulation services.

OUR MISSION

At Enviroshield, our mission is to enhance energy efficiency and sustainability for commercial and industrial facilities through innovative and tailored thermal insulation solutions. We are committed to delivering superior quality, cost-effective services that meet the unique needs of each client.

OUR EXPERTISE

“Enviroshield delivered on time and beyond expectations. A game-changer for our carbon foot print.”

Glyn Lee

Programme Manager

THERMAL INSULATION MASTERY

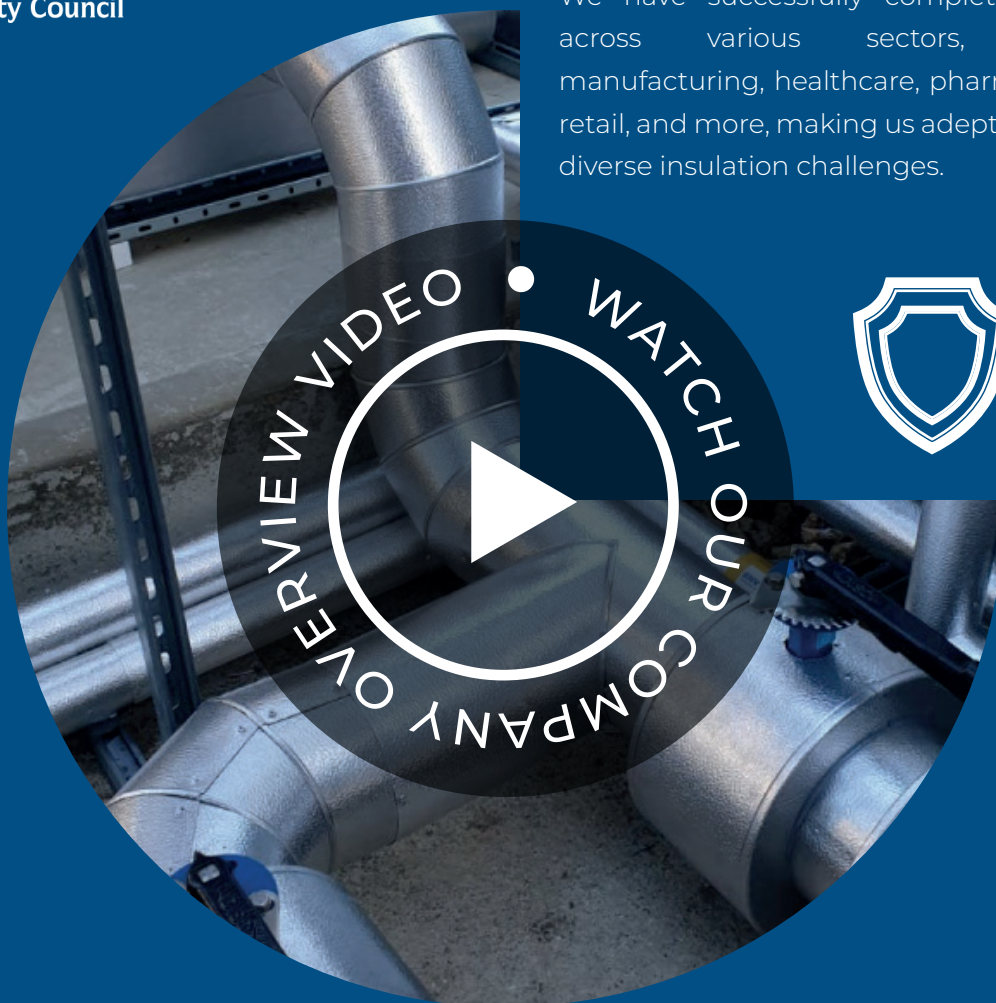

Our in-depth understanding of thermal insulation allows us to deliver solutions that protect your facilities from thermal loss, improve efficiency, and maintain optimal temperatures.

BESPOKE SOLUTIONS

Our in-depth understanding of thermal insulation allows us to deliver solutions that protect your facilities from thermal loss, improve efficiency, and maintain optimal temperatures.

DIVERSE EXPERIENCE

We have successfully completed projects across various sectors, including manufacturing, healthcare, pharmaceuticals, retail, and more, making us adept at handling diverse insulation challenges.

WHY CHOOSE

Enviroshield is dedicated to excellence in every aspect of our work. From the initial consultation to project completion, we focus on precision, quality, and customer satisfaction. Our reputation as one of the UK's leading thermal insulation providers is built on our unwavering commitment to delivering exceptional results for our clients.

01

PROVEN TRACK RECORD

With a wealth of experience and a robust portfolio of successful projects, we have earned the trust of some of the UK's leading companies.

02

INNOVATIVE SOLUTIONS

We leverage the latest technologies and techniques to provide cutting-edge insulation solutions that align with your business goals and sustainability objectives.

03

HIGHLY SKILLED TEAM

Our team of experts is trained to deliver top-notch insulation services, ensuring that every project is executed with the utmost precision and care.

04

COMPREHENSIVE SUPPORT

From planning to execution and beyond, our responsive customer support ensures a seamless experience and complete satisfaction.

Choose Enviroshield for our unmatched expertise in thermal insulation, commitment to quality, and tailored solutions that drive efficiency and sustainability for your business.

Enviroshield offer a very reactive service, Blake and his team go above and beyond to ensure our projects are completed to a high standard & on time..!

Steve
Director

We always find Enviroshield provide a very professional, knowledgeable and thorough service.

Zac McCormick
Managing Director

COMPREHENSIVE

THERMAL INSULATION SOLUTIONS

Our team of skilled professionals is dedicated to delivering superior thermal insulation services, using state-of-the-art materials and techniques to ensure maximum performance and durability. We understand that each facility has unique requirements, and we offer customised solutions that cater to your specific needs.

Tank Insulation

Proper insulation of tanks is essential for maintaining consistent temperatures and conserving energy. Our tank insulation solutions are tailored to your system's specifications, ensuring effective thermal regulation and energy savings.

Pipework Insulation

Our pipework insulation services are designed to minimise thermal loss and enhance the efficiency of your systems. By insulating pipework, we help maintain optimal temperatures and prevent energy wastage.

Customised Solutions

Every project is unique, and we offer customised thermal insulation solutions that address the specific challenges and requirements of your facility. Our tailored approach ensures optimal performance and client satisfaction.

Ductwork Insulation

We provide ductwork insulation services to reduce energy loss and improve system performance. Our insulation solutions help maintain air temperature and enhance the efficiency of your HVAC systems.

ADVANCED TRACE HEATING SOLUTIONS

Enviroshield offers specialised trace heating solutions that are essential for maintaining and controlling temperatures in industrial and commercial facilities. Our trace heating systems ensure that your pipes, vessels, and tanks operate efficiently, protecting them from freezing and maintaining optimal flow conditions.

OUR TRACE HEATING EXPERTISE

Trace heating is a critical component in various industrial applications, helping to maintain the required temperature of pipes and vessels. Enviroshield's team of experts designs and installs customised trace heating systems tailored to your specific needs, ensuring reliable performance and energy efficiency.

OUR COMPREHENSIVE SOLUTIONS

Pipe Heating

Our trace heating systems are designed to prevent pipes from freezing in cold environments, ensuring a constant flow of liquids and gases. This is crucial for maintaining operational continuity and preventing costly downtime.

Vessel Heating

Enviroshield's trace heating solutions are ideal for maintaining the temperature of vessels used in various industrial processes, preventing heat loss and ensuring consistent performance.

Tank Heating

We provide solutions for maintaining consistent temperatures in tanks, which is essential for processes that involve materials that solidify at ambient temperatures. Our systems ensure that your tanks remain functional and efficient.

Customised Systems

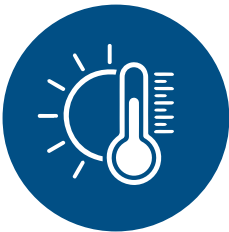

Every facility has unique requirements, and our experts develop tailored trace heating systems that address your specific operational needs and environmental conditions.

Enviroshield provides customised acoustic, chilled services, and jacket insulation solutions, *enhancing energy efficiency and comfort across industrial environments.*

Effective Acoustic Insulation Solutions

At Enviroshield, we specialise in acoustic insulation that effectively reduces noise pollution and sound reverberation in commercial and industrial environments. Our customised solutions are designed to minimise sound transfer, creating a more comfortable and efficient workspace.

Precision Chilled Services Insulation

Enviroshield provides expert insulation solutions for chilled services, ensuring optimal temperature control and energy efficiency. Our specialised insulation minimises heat gain and prevents condensation on chilled pipes and equipment, maintaining the integrity of your cooling systems.

Versatile Jackets & Mats Solutions

Enviroshield offers bespoke jackets and mats that provide exceptional thermal insulation for a wide range of applications. Our custom-manufactured products are designed to fit any pipework, valves, or equipment, providing flexible and durable insulation solutions.

PARTNERING WITH

INDUSTRY LEADERS ACROSS THE UK

Enviroshield is proud to serve as a trusted partner to a diverse range of businesses and organisations throughout the UK. Our commitment to excellence and innovation in thermal insulation solutions has earned us the confidence of leading companies across various sectors, from public institutions to private enterprises.

NATIONWIDE SERVICE EXCELLENCE

Our ability to deliver tailored insulation solutions across the UK sets us apart as an industry leader. Enviroshield's team of experts is equipped to handle projects of any size and complexity, ensuring that every client receives the highest standards of service and quality.
